**Subject:** Invitation to take part in online test

Dear Sir/Madam,

I am writing to share the information about the approaching study on audio description, which is a great opportunity to see how the new AD editor for virtual reality works. We would be very thankful if you could share this information among audio describers.

Please, find the call below:

We are looking for professional audio describers to take part in an online test of the new AD Editor for 360° videos, developed within the ongoing H2020 project ImAc (<http://www.imac-project.eu/>).

The test will be open from 24th to 30th September and participants can do it anytime in this time period.

The test will consist of the following steps:

1. Filling in a questionnaire with questions about yourself
2. Audio describing a short video clip using the AD editor
3. Filling in a questionnaire regarding your experience with the editor

The instructions for the test and the questionnaires are in English, but AD can be written in any language. If you are interested, please send me an e-mail:

[anita.fidyka@uab.cat](mailto:anita.fidyka@uab.cat) or share this information.

Thank you,

All the best,

**Anita Fidyka**
